## Introduction

This Registration Policy sets forth the terms and conditions which govern the registration of domain names under the .lancaster TLD. In this Registration Policy:

"Registry Operator", "Registry", "We", "Us" and "Our" refer to the Lancaster Company, as the corporate entity responsible for operating the .lancaster Top Level Domain.

"Registry-Holder" and "Holder" also refer to the Lancaster Company but as the exclusive holder of the domain names under the .lancaster TLD.

"ICANN" means the Internet Corporation for Assigned Names and Numbers.

"Registry Agreement": refers to the contract signed by the Registry and ICANN on February 12, 2015, and available at <https://www.icann.org/resources/agreement/lancaster-2015-02-12-en>

"Domain name": refers to a character string registered in the .lancaster top-level domain.

"TLD" means Top Level Domain and refers to that for .lancaster.

The "Trademark Clearinghouse" or "TMCH" is a rights protection mechanism built by ICANN, consisting of a centralized database of verified trademarks, that is connected to each and every new gTLD that is launched and which provides the services described on <http://trademark-clearinghouse.com>.

The "Trademark Claims" period means a period during which any application to register a domain name corresponding to a trademark registered in the TMCH triggers a notification for the holder of that trademark.

The "Sunrise" period refers to a priority registration phase reserved for the owners of trademarks registered in the TMCH. This phase takes place before the general availability of a new TLD.
