

International Invitational Exhibition  
**“100 ARCHITECTS OF THE YEAR 2018”**

International Participant Submission Guideline

## 1. Intention

In a stream of global architecture, to make a base of Korean architecture through more wide global interchange, Korean Institute of Architects(KIA) hold “100 Architects of the year 2018” by magnifying the existing traditional Korean national architectural festival invited architect exhibition as UIA certificate global exhibition by firstly.

It will be a place where you can see the architectural philosophy of architects around the world in the contemporary architecture trend and through this, architectural culture will be shared with the public.
